

## **Duncan Ferguson – Director of Commercial Engagement, UniQuest**

---

Duncan is a Director, Commercial Engagement (Agriculture) at UniQuest. Duncan brings over 15 years experience in industry and commercially focussed research collaboration, investment, IP management and commercialisation to the UniQuest agriculture and food portfolio.

Prior to joining UniQuest, he held commercialisation and business management roles in research and investment organisations, including BSES Limited, Queensland Department of Primary Industries and Fisheries and Meat and Livestock Australia. He has managed technologies across animal and plant supply chains, including genetic and genomic tools, pest and disease control, breeding, automation and robotics, value-added food products, biopharmaceuticals and nutraceuticals.
